Telephone: (734) 936-0021 (Office)
(734) 764-8263 (Facsimile)
(734) 649-8652 (Home)

Education: Ph. D., Biostatistics (Survey Sampling), 1980, University of Michigan, (Dissertation: *Design Effects for Multivariate Categorical Interactions*)
M.P.H., Biostatistics, 1976, University of Michigan
B.A., with Honors, Mathematics, 1970, Illinois State University

Honors: Robert G. Bone Scholar, Illinois State University, 1969-1970
Omicron Delta Kappa, 1968-1970 (President of chapter 1969-1970)
Rackham Fellowship, University of Michigan, 1976-1977
Fellow, American Statistical Association, 1992
Member, International Statistical Institute, 1994
American Association for Public Opinion Research Innovator Award, 2004.

Professional Experience

2002- Director, Program in Survey Methodology, University of Michigan
2004- Research Professor, Institute for Social Research, University of Michigan
1998- 2003 Senior Research Scientist, Institute for Social Research, University of Michigan.
1998- Research Professor, Joint Program in Survey Methodology, University of Maryland.
1998- 2003 Adjunct Professor, Department of Sociology, University of Michigan.
1992- Associate Professor, Department of Biostatistics, University of Michigan.
1997-1998 Senior Associate Research Scientist, Institute for Social Research, University of Michigan.
1995- 2003 Director, Survey Research Center Summer Institute in Survey Research Techniques,
University of Michigan.
1995-1998 Research Associate Professor, Joint Program in Survey Methodology, University of
Maryland.
1989-1998 Adjunct Associate Professor, Department of Sociology, University of Michigan.
1988-1997 Associate Research Scientist, Institute for Social Research, University of Michigan.
1982-1988 Assistant Research Scientist, Institute for Social Research and Department of
Biostatistics, University of Michigan.

- 1980-1982 Research Investigator, Institute for Social Research, University of Michigan.
 1980 Staff Fellow, Center for Disease Control, Atlanta, Georgia (Kathmandu, Nepal)
 1976-1979 Research Assistant, Institute for Social Research, University of Michigan.
 1972-1973 Short Term Consultant, Smallpox Eradication Unit, World Health Organization
 (Juba, Equatoria Province, Sudan).
 1970-1972 Peace Corps Volunteer, Addis Ababa, Ethiopia.
 1970 Summer Intern, Mathematical Statistics Div., Internal Revenue Service,
 Washington, D.C.

“Dependent interviewing: literature review,” 1999, Bureau of the Census, \$17,200 (\$5,900 indirect). Principal investigator.

“Methodological design and evaluation of the NHIS computer assisted interview,” 1998-2002, Association of Schools of Public Health, \$604,800 (\$196,100 indirect). Principal investigator.

“Michigan Center for Excellence in Health Statistics,” 1999 to present, Centers for Disease Control (National Center for Health Statistics), \$2,379,200 (\$619,600 indirect). Principal investigator.

“Experimenting with SSN requests and differential non-response,” 1998-2001, \$78,200 (\$200 indirect). Principal investigator; Eleanor Singer, project director.

“Experimenting with SSN requests and differential non-response: data collection,” 1998-2001, \$326,400 (\$19,100 indirect). Principal investigator; Eleanor Singer, project director.

“Ethnic influences on psychiatric diagnoses,” 1998-2000, National Institute on Mental Health, \$29,500 (\$10,200 indirect). Harold Neighbors, principal investigator; statistical co-investigator.

-
- “Cognitive interviews for Census 2000 form evaluation,” 1998, Bureau of the Census, \$16,500 (\$5,700 indirect). Principal investigator.
- “Effect of non-coverage error on the National Crime Victimization Survey,” 1996, American Statistical Association, \$7,900 (\$2,700 indirect). Principal investigator.
- “Preparing the NHIS for the 21st century,” 1996-7, Association of Schools of Public Health \$439,700 (144,000 indirect). Principal investigator.
- “American sexual networks,” 1998, National Institute of Child Health and Human Development, \$11,100 (\$3,800 direct). Kathy Ford, principal investigator; statistical co-investigator.
- “HSRC-CSD/ISR pilot training program in survey research for South Africans,” 1997-2002, Andrew W. Mellon Foundation, \$703,800 (\$3,800 indirect). David Featherman, principal investigator; project director.
- “Assessment and redesign of the Medicaid state profile data system,” 1995-6, Michigan Public Health Institute, \$7,900 (2,700 indirect). Principal investigator; Robert Belli project director.
- “Hypertension risks in African Americans: Pitt County Study,” 1994-7, National Health, Lung, and Blood Institute, \$220,400 (\$70,400 indirect). Sherman James, principal investigator; survey design co-investigator.
- “Initial studies related to the 1995 redesign of the National Health Interview Survey,” 1993-5, Association of Schools of Public Health, \$608,200 (\$169,600 indirect). Principal investigator.
- “Joint Program in Survey Methodology: short courses,” 1993-7, short course series funded through course fees, \$258,500. Principal investigator.
- “Joint Program in Survey Methodology,” 1992 to present, subcontract from the University of Maryland from the National Science Foundation and Bureau of the Census, \$2,482,100 (\$732,400 indirect). Principal investigator.
- “Joint Statistical Agreement: Imputation in the Survey of Income and Program Participation” 1991-3, Bureau of the Census, \$181,000 (\$64,500 indirect). Principal investigator.
- “SES differences in morbidity and mortality,” 1990-2, National Institute on Aging, \$30,500 (9,200 indirect). James S. House, principal investigator; survey design and estimation co-investigator.
- “Quick response survey design,” 1990-2, Bureau of Labor Statistics, \$25,100 (\$9,300 indirect). Principal investigator.

“Buffers for disabling conditions in the US,” 1988-90, National Institute of Arthritis and Musculoskeletal and Skin Diseases, \$19,300 (\$7,200 indirect). Lois Verbrugge, principal investigator; statistical and survey design co-investigator.

“Joint Statistical Agreement: Time-in-panel effects in the Survey of Income and Program Participation,” 1988-92, Bureau of the Census, \$107,300 (\$36,300 indirect). Principal investigator.

“Vitamin A Intervention Study,” 1988-92, National Eye Institute, \$27,200 (\$10,100 indirect). Robert Tilden, principal investigator; statistical and survey design co-investigator.

Graduate Supervision

PhD Thesis Supervision (since 2000):

Kevin Dombkowski, Dr.PH, Health Management and Policy, University of Michigan, 2001 (committee member; advisor on survey estimation)

Fang Liu, PhD, Biostatistics, University of Michigan, 2003(committee member)

Hui Zheng, PhD, Biostatistics, University of Michigan, 2003 (committee member; advisor on survey design)

Sonya Vartivarian, PhD, Statistics, University of Michigan, 2003 (committee member; advisor on survey estimation)

Sinan, Turkyilmaz, PhD, Demography, Hacettepe University (Turkey), 2003 (committee member; advisor on survey estimation)

Dawei Xie, PhD, Biostatistics, University of Michigan, 2004 (committee co-chair)

Marisol Tellez, PhD, Epidemiology, University of Michigan, 2004 (committee member; advisor on survey estimation)

James Wagner, pre-candidate, Survey Methodology, University of Michigan (committee member)

Masters Supervision:

Graduate student research assistant supervisor, Department of Biostatistics and the Program in Survey Methodology at University of Michigan.

Graduate student advisor, Program in Survey Methodology at the University of Michigan and the Joint Program in Survey Methodology at the University of Maryland.
